RSC® Brace Kompetenz Zentren in Irland

Scoliosis Academy

Established in 2020, under the guidance of Mr. Patrick Kiely MD (Consultant Orthopaedic Surgeon) and Niamh McGowan (PT, Spinal Specialist Physiotherapist). Patrick and Niamh are passionate about the care of those affected by spinal conditions and believe there is a need for improved care provision in Ireland. The intention of Scoliosis Academy is to educate, support and provide awareness of scoliosis and spinal conditions. We provide services to the paediatric and adolescent population. To attend our services, with Patrick Kiely, a referral from a medical profession is required. This can be sent here or to his secretary in Sports Surgery Clinic.

To attend with Niamh McGowan, no referral is needed, you can simply book online. [Click Here](#). We offer consultation, conservative treatment (scoliosis brace/ psse physio / schroth physiotherapie) or surgical treatment for those affected by scoliosis and other spinal issues.

Mr. Patrick Kiely MD, Consultant Orthopedic Surgeon
